The aim of this article is to share some of the conclusions of a recent project I was part of, with the hope that it might enable other teachers to plan a little faster too!The course they are offering prepares me to care and education for primary school children with an emphasis on working in multicultural, urban children's centres, multilingual and schools. It helps me to understanding the child development, development of current ideas and concepts related to pedagogy and children.(Richards,2015).This includes patience in the course of teaching the new learner because learning a new language takes time. The school, in general, also needs to provide channels for the usage of the language., About Because And In The Course Of Teaching.
