

# Download Building Construction Specifications Regulations Source Book

A building code (also building control or building regulations) is a set of rules that specify the standards for constructed objects such as buildings and nonbuilding structures. With over 500,000 users downloading 3 million documents per month, the WBDG is the only web-based portal providing government and industry practitioners with one-stop access to current information on a wide range of building-related guidance, criteria and technology from a 'whole buildings' perspective. Bid 1. An offer or proposal of a price 2. The amount offered or proposed. Bid Bond A written form of security executed by the bidder as principal and by a surety for the purpose of guaranteeing that the bidder will sign the contract, if awarded the contract, for the stated bid amount. Under the Building Code Act, a building permit is required for the construction of a new building, an addition, or alteration of any building or structure with a building area of over 10 square metres (approximately 108 square feet)., Building Construction Specifications Regulations Source Book.
