

Download Changing Lessons, Changing Lives

The success of Hull's year as City of Culture proves the arts have the power to transform lives. Martin Green says it's time for policy makers to recognise that they are integral to a healthy, happy society. Download Changing Lessons, Changing Lives A lot of energy goes into the counts, which are federally mandated, and volunteers come out in force to help. This lesson consists of two case studies based on real life stories of people living in the UK today. The stories deal with their decision to give up an apparently successful and fast-paced lifestyle for a rural life in the Peak District. The topic encourages students to talk about their own lifestyles and priorities. CHANGING LIVES THROUGH LEARNING In English, we have found that becoming a GCSE examiner is the best way to learn directly from the exam board. It is also a great development opportunity for staff to develop their skills and, Changing Lessons, Changing Lives.
