College application fee waivers are a great way to save money when you're applying to college. If you're eligible for college application fee waivers, you'll receive them in the fall of your senior year. Most college application fees fall in the \$40 to \$50 range, with some costing as much as \$90 (ahem, Stanford). For many students and their families, these fees present a serious obstacle along the already pricey path to college. If you're eligible for a fee waiver, you can take the SAT or SAT Subject Tests for free and get other benefits to apply to college.
