

Download Computer Technology For Chemical Educators

CACHE, which stands for Computer Aids for Chemical Engineering, is a 501(c)(3) not-for-profit organization whose purpose is to promote cooperation among universities, industry and government in the development and distribution of computer-related and/or technology-based educational aids for the chemical engineering profession. Computer science is everywhere, from our smartphones and video games to music, medicine, and much more. AP Computer Science Principles (AP CSP) can help you understand how computing and technology influence the world around you. Please be advised that this page may not contain updated information about requirements for CTE certification. Please contact the CTE office at CTE@doe.nj.gov or call 609 633-0665. Get the latest science news and technology news, read tech reviews and more at ABC News., Computer Technology For Chemical Educators.
