

Download How To Choose Your Babys Gender

3D ultrasound photos and 4D ultrasound video. Visit us in Bakersfield, CA to see your baby for the first time. This is one of the most common questions doctors get from parents-to-be. If you're dying to know whether to stock up on pink or blue onesies, you'll likely have to wait until you're about 18 to 20 ... One of the first questions of well-meaning friends and family to a pregnant lady is: "Is it a boy or a girl?" The gender of a baby is an interesting topic for everyone, and some even make a betting game out of it. There wasn't always a way to find out the gender of a baby before they were born. Now people can take a blood test as early as 10 weeks or get an ultrasound at 20 weeks to determine if they're having a boy or a girl., How To Choose Your Babys Gender.
