

Download Multi-objective Design Space Exploration Of Multiprocessor Soc Architectures

The holistic research problems in this NoC design paradigm can be broadly classified into four different dimensions , , . The first dimension is focused on the choice of communication infrastructure, such as, network topology, router architecture, buffer optimization, link design, clocking, floor planning, and layout. International Journal of Engineering Research and Applications (IJERA) is an open access online peer reviewed international journal that publishes research ..International Journal of Engineering Research and Applications (IJERA) is an open access online peer reviewed international journal that publishes research ..Vol.7, No.3, May, 2004. Mathematical and Natural Sciences. Study on Bilinear Scheme and Application to Three-dimensional Convective Equation (Itaru Hataue and Yosuke Matsuda), Multi-objective Design Space Exploration Of Multiprocessor Soc Architectures.
