

Download New Directions In Social And Cultural History

Social history, often called the new social history, is a field of history that looks at the lived experience of the past. In its "golden age" it was a major growth field in the 1960s and 1970s among scholars, and still is well represented in history departments in Britain, Canada, France, Germany, and the United States. Given overwhelming evidence for the primacy of sociocultural factors in determining both drinking patterns and their consequences, it is clear that ethnographic research findings on the social and cultural roles of alcohol may have important implications for policy-makers. The New Mexico Department of Cultural Affairs preserves, fosters, and interprets New Mexico's diverse cultural heritage and expression for present and future generations, enhancing the quality of life and economic well-being of the state. Social anthropology is the dominant constituent of anthropology throughout the United Kingdom and Commonwealth and much of Europe (France in particular), where it is distinguished from cultural anthropology. In the United States, social anthropology is commonly subsumed within cultural anthropology (or under the relatively new designation of ..., New Directions In Social And Cultural History).
