

Download Theology, Creation, And Environmental Ethics

Environmental ethics is the part of environmental philosophy which considers extending the traditional boundaries of ethics from solely including humans to including the non-human world. Stewardship is a theological belief that humans are responsible for the world, and should take care of it. Believers in stewardship are usually people who believe in one God who created the universe and all that is within it, also believing that they must take care of creation and look after it. Question unanswered? Do you have a question that wasn't addressed on our Q&A pages? If you've thoroughly searched our site, including using the search window (top right), and can't find an answer to your question in the over 10,000 articles and videos, you may submit a creation question to CMI. JSTOR is a digital library of academic journals, books, and primary sources., Theology, Creation, And Environmental Ethics.
